### Grand Master William Sherman, F. & A. M., Comes Home

### Deputy Sheriff Ryan Makes Another Raid Last Saturday

#### WARM WELCOME WAS ACCORDED HIGH OFFICIAL

Sonoma Masonic Lodge Enjoyed a Visit From State Official on Last Saturday Night.

The official visit of Grand Master William Sherman of the Masonic Lodge of California to the Sonoma Lodge, F. & A. M., last Saturday night was more than official. It was the homecoming of Will Sherman to his boyhood town, Sonoma, and to boyhood friends, associates and brothers. Those who did not know the Grand Master in the old days before he achieved the high honor and splendid recognition of the Masonic Order of our Golden State knew him for his conscientious devotion to the work and ideals of Masonry and had a heart interest in him through the enthusiasm of those fortunate enough to recall associations with Sherman twenty years ago as he was growing up to young manhood here.

The reception and warm welcome accorded the Grand Master must have afforded him the greatest pleasure which will come to him in official life. Indeed he so expressed himself and was evidently gratified beyond the power of words to express. The Masonic Hall was resplendent of spring and reflected the floral beauty of Sonoma Valley in its flowered decorations.

Over 100 members and visiting lodge brothers from Petaluma, Napa, Calistoga, Vallejo and nearby cities gathered here to greet Mr. Sherman and the Grand Lecturer of the Order who accompanied him.

After the work of the Lodge had been exemplified, the Grand Master took occasion to compliment Sonoma Lodge and its officers, and also congratulated the community on having this pioneer Lodge of the Order, one of the oldest in the state in its midst these many years. He referred with evident sentiment to his school days in Sonoma Valley and memories of the past and declared that his heart would ever call him back to the quiet hillside where his father is buried and where some day he perhaps would rest too.

He extolled the good work being done by the Masons through Parent-Teachers associations and other mediums of educational advancement and betterment and expatiated on the noble work in general being sponsored by the Masonic Lodge of California.

At the conclusion of the fine, sincere address by Mr. Sherman, a beautiful solid silver sandwich platter, a gift from Sonoma Lodge was presented to him with appropriate remarks by Worthy Master F. W. Dobbelt.

At the adjournment of the meeting, the guest of honor and lodge brothers repaired to the banquet hall down stairs where the Eastern Star Ladies had prepared a fine feast. The tables were decorated in gold of ophir rose buds and the walls of the room festooned with white roses and green foliage. A delicious menu, interspersed with speeches, community singing and general jollity was enjoyed to a late hour. Here again the Grand Master spoke, reiterating his pleasure at meeting old friends and particularly

#### Well Known Sonoma Man Passes Away

C. C. Cowgill Dies at St. Francis Hospital Where He Had Been for Medical Treatment.

News reached here Thursday morning of the death of Attorney C. C. Cowgill, prominent attorney and former oil man of Kern county.

Mr. Cowgill had practiced law in Sonoma for some years and was the owner of a country home here. He was a man of brilliant attainments and had many intricate legal victories to his credit during the years of practice in the courts.

He came to Sonoma Valley on account of the climate and beauties of this section of California and here bought the pretty home east of town while maintaining an office in the Boccio block.

A few years ago his first wife passed away and recently he was married to a prominent lady of Bakersfield, one of his former clients. The present Mrs. Cowgill has been most devoted to him and some weeks ago took him to San Francisco to consult eminent specialists concerning the recurrence of an old ailment for which he had twice been operated upon. Mr. Cowgill, however, was beyond help and death came as a surprise to his suffering.

Deceased is survived by a son, Edgar, besides the widow. He was a native of Missouri and had passed three score ten years. His remains will be cremated today in San Francisco.

#### PARENT-TEACHERS' ASSOCIATION FORMED

Sonoma Valley Union High School Has New Organization; Elect Officers Friday of Last Week.

A splendid start was made Friday night of last week toward the Sonoma Valley Union High School Parent-Teachers Association when Mrs. Skee field worker of the State Parent-Teachers Association and organizer for Sonoma county addressed an interested assemblage at the high school. Thirty members signed the roll and the following officers were elected:

President, George Crowe; vice president, Mrs. Eberhart; secretary, Mrs. J. Murray; treasurer, Ralph Murphy.

The first Friday night of every month was set aside as the date for the meeting of the new organization which has for its object the betterment of environment for school students and closer co-operation between parents and teachers for school welfare.

Some of the Eastern Star ladies, school mates or wives of old school mates. A handsome cake, decorated with the Masonic emblem was the gift of Mrs. H. Johannsen to the guest of honor.

The banquet committee was headed by Mrs. F. W. Dobbelt who was assisted by Mesdames R. E. Murphy, R. Hotz, H. J. Norrbom, McAllister, Nichol, Golton, Gale, Wedekind and Coops.

#### Important Announcements on the Mission Play Are Made

At the regular weekly meeting of the Sonoma Mission Centennial executive committee last Tuesday night Chairman J. F. Prestwood, general chairman, announced appointments to the following committees which will work out the program for Sonoma's historic fete:

General Committee—J. F. Prestwood, general chairman; J. N. Reid, general director.

Honorary Reception Committee—

Fred Bulotti, F. W. Dobbelt, H. F. Bates, Sam Lewis, E. T. Lindley.

The general executive committee meets on Tuesday evening of each week at the temporary quarters in the Central Commercial and Savings Bank, at 8 o'clock. Should there be a change of meeting place, members will be notified.

The appointments made will be supplemented by others later on, so Director Reid advises.

It developed at the meeting that Sonoma county and nearby counties will be asked to participate in the centennial of northern California's only Mission and will be invited to present some special features. Chambers of Commerce will soon be communicated with by the Sonoma committee.

Director Reid has had some beautiful and effective letterheads and booklets designed symbolic of the padres coming to Sonoma, the Valley of the Moon. The stationery and literature will soon be available.

#### Queens Must File Returns This Evening

Carnival Contestants, Including Automobile Contestants, Must Report at Boyes Springs Fire House.

The queen contestants of the Boyes Springs and Valley Fire Department carnival are coming to the fore in regal style. Last week the candidacy of Miss Emily Batto was announced. This week the name of Miss Albina Nardi, beautiful brunette daughter of Mrs. F. Rovai, has been proposed. Other bonnets in the ring are Miss Loretta O'Donnell, the sweet colleen of Agua Caliente, daughter of Capt. and Mrs. O'Donnell; Mrs. M. Peterson, a charming matron of Boyes Springs.

In the auto contest, in addition to those mentioned last week, is James Acquistapace of Agua Caliente. Jimmy is quite a politician and is piling up a bunch of votes that will make Hood mountain look like a hill of beans.

Chief Cause announces that all queen contestants must report their standing by midnight tonight at the fire house at Boyes Springs. Auto contestants must do the same. The contest closes Tuesday, April 24th for queen.

Messrs. Burt & Parker of the Exhibitors Exchange, which will put on the carnival features were at Boyes Springs yesterday selecting lots for their exhibits. This is one of the best carnival attractions ever billed for Sonoma Valley and is the same which Santa Rosa will have during its Prune Festival.

#### MASK BALL OF ALL NATIONS APRIL 21

Farm Center to Give Dance Next Saturday. Celebration Committee Offers Special Prize.

The Sonoma Farm Center of which Frank Wedekind is director, will give a masquerade ball of all nations next Saturday night at Union Hall.

In addition to prizes offered by the Farm Center for best and most original costumes a special prize of \$10 has been hung up by Director Reid of the Mission Centennial celebration for the best costume of Mission days. The costume must be home made and not hired. Included in this will come padres, Indians, Mexicans, Spaniards, Russians and Americans of the Kit Carson type. The idea is to bring out costuming ideas for the coming Mission celebration.

The Farm Center has engaged good music for the dance, will serve refreshments and promises everyone who attends a jolly good time.

Under the plan being presented by Director Wedekind, sociability will cement the farmers and the community so that the Farm Center will grow and become one of the most valued and effective organizations in Sonoma Valley.

Get busy on your costume today, is the advice of the committee, and may we have lots of Indians, senoritas and grizzly old pioneers.

#### LOCAL OFFICER DESCENDS ON TAMALE PARLOR

Proprietor Is Arrested for Possessing Liquor and Is Fined \$250 by Judge Small Monday.

Last Saturday night while a number of local sports were getting into the atmosphere of Mexican days at the local tamale parlor, Deputy Sheriff Joe Ryan got a hunch that tamales were not the only hot stuff being served by the polite senior on the corner, so he took Constable John Mohr along as a mascot and descended upon the premises kept by S. Arriola.

Upon being admitted to the place the deputy sheriff found a congenial party enjoying the hospitality of the landlord and said hospitality consisting of some refreshment known as "white mule." Ryan seized a bottle of the liquor and arrested the proprietor. Though subjected to the jeers of the party he interrupted, the deputy sheriff is said to have executed the raid with neatness and dispatch. Arriola appeared before Judge Small Monday and upon pleading guilty to possession of the liquor, was fined \$250.

#### CHILDREN'S PLAYGROUND IN SONOMA'S PLAZA

The idea of establishing a children's playground with proper equipment on a portion of Sonoma's eight acre Plaza is being advocated by Trustee Ed Lindley. The playground would be modeled after that found to be attractive in other communities and would partly solve the problem of utilizing Sonoma's large park area. No more ideal recreational grounds could be found than under the trees in the Plaza, and advocates of the plan declare that the grounds would be kept neat and free from the unsightly weeds which now cover so much of the square, while affording enjoyment and healthful exercise for the little folks.

#### ATTENDED LIBRARIANS' CONVENTION SATURDAY

Miss Kate McDonnell, the Sonoma librarian, attended the Third District Association of Librarians' convention at Calistoga Saturday. Fifty librarians representing Sonoma, Solano, Napa, Contra Costa and Marin counties were in attendance. The Calistoga Civic Club served a turkey dinner to the visitors.

Librarian McDonnell reviewed the growth of Sonoma's library and also announced the coming Mission centennial. Much interest was shown in this historical event to be observed by Sonoma and the librarians of surrounding counties asked to be supplied with literature about the Mission play and other features.

Samuel & Chambers of Boyes Springs, with offices at the club house in that busy burg is the latest real estate firm operating in the Valley of the Moon. George Samuel and B. H. Chambers need no introduction to our people. They are 100 per cent boosters and will do a lot for the upbuilding of the valley.

#### A. ENTLEMAN DIES THURSDAY IN OAKLAND

Will Be Buried Here Today Under the Auspices of Sonoma Lodge, I. O. O. F.

Albert Entelman, former Sonoma resident and one time partner of the late D. H. Twing, real estate man, died in Oakland Thursday at the Southern Pacific hospital.

Since leaving here 10 years ago, Mr. Entelman had been employed as a gateman by the railroad company at one of its crossings in the city of Oakland.

Deceased is survived by a widow, daughter and four sons.

The funeral will be held in Sonoma today at 2 p. m. under the auspices of Sonoma Lodge, I. O. O. F., of which deceased was a member. He was also a member of the Rebekah Lodge.

#### WORK STARTS ON BANK BUILDING

The lower floor of the Burris block formerly the Bulotti building, has been in the hands of Contractor R. E. Murphy, who are tearing out the interior preparatory to the building of the bank vault and installation of bank fixtures for the Valley National bank.

#### SONOMA PARK BAND PLAYS TONIGHT AT BALL

Benefit for New Musical Organization will Give People Opportunity to Hear New Band.

Tonight the Sonoma Park Band benefit dance will take place at Union hall. An 8-piece orchestra will furnish most of the dance numbers, but in order to give the public an opportunity to hear the entire band, several special dance selections will be played. Numbers by the entire band will include the 362nd Infantry March. Tomorrow, The Blue Bird, and others. There will be special lighting effects and rainbow dances under the direction of Mr. Meinhardt.

The Sonoma Park Band met for regular practice Wednesday evening last at the grammar school auditorium. A number of new musicians enrolled, including H. Schieck, sole cornet; L. Stenquist, tenor; and Charles Taylor, bass drummer. There are five more applicants.

The band's officers are P. C. Meinhardt, director; Lyle Campbell of the high school orchestra, secretary; Roy Pauli, treasurer.

Edwardo Vallejo of Vallejo was in Sonoma Friday and registered at the Mission.

## EL VERANO NEWS

By ARCHIBALD McKIVER

Mrs. M. Schmidt is the guest of Oakland relatives this week.

The L. P. Kearney acreage will be planted to tomatoes soon.

Chas. McDevitt boarded the local for the Summit Monday morning.

J. F. Flood and wife of San Francisco are guests at the Watts home.

Roy Aubrey was a San Francisco visitor at the Kearney home Sunday.

Mr. and Mrs. Al Rossi were first of the week motorists to the bay cities.

L. Larbre, our village dairyman, is the proud owner of a new Ford touring car.

John Merton of the E. P. Waldo ranch is the driver of a brand new Ford car.

Charles Childs of San Francisco was a motor pleasure seeker in the valley Sunday.

Ray Manuel, Sonoma blacksmith was taking observations in the city of El Verano last Sunday.

Mrs. A. Glaive of San Francisco is spending the week the guest of her mother, Mrs. J. Dutil.

George Austin of the Verano Inn motored to San Francisco Monday, combining business and pleasure.

Frank Perazzo, veteran Sonoman, hopped the local S. P. train De-Luxe Sunday for the city of Santa Rosa.

Mr. and Mrs. George Fredrickson of San Francisco were over Sunday visitors at their Sonoma Valley home.

Mrs. L. Turner left for the southern part of the state Saturday to be absent several months from her Sonoma Vista home.

Mr. and Mrs. Eugene Hunt motored over from Sacramento Saturday, remaining over until Monday, guests at the A. W. Weaver home.

Edward Odum, who has spent several months at the Wyatt home, has gone to San Francisco to join his folks on a pleasure trip to the Eastern states.

Mr. and Mrs. John O'Connor, of the Antlers Hotel, after a San Francisco business trip, have returned to El Verano to get ready for summer business.

A large crowd of the village Beau Brummels put on their old glad rags and hid themselves to Sonoma last Saturday, where they had a pleasant time at the Odd Fellows' dance.

George Prindle and wife of Santa Rosa spent a short time in El Verano Sunday, on his way to visit friends and acquaintances in Sonoma. George has many friends in Sonoma Valley, who were glad to see him.

Professor Meinhardt, Chief of the new Sonoma Band was a welcome visitor in our town Sunday, coming here to advertise the dance to be given on April 14th at Union Hall Sonoma. Sonoma Valley is interested in the new band and the El Verano elite will turn out on that evening to help

the good cause along. El Verano is also a booster for the coming Sonoma Mission Centennial Celebration and our five citizens will work hard in helping to advertise the big event to their friends in different parts of the state.

A. Gull, well known San Francisco businessman and who has been a welcome visitor to Sonoma Valley the past twenty years, was a guest at the Hotel Debats, being entertained by our popular Mayor, John Quadrio.

John Merton and Steve Stevenson motored to Kelseyville last Saturday taking in the old time dance given by the natives of that city. Khaki overalls and gingham aprons were worn and those dressed otherwise were subject to a fine. The boys had a good time and returned home Monday.

The big excitement Sunday was an airplane coasting low around the old town. The natives, summer visitors and tourists were thrilled by the air stunts of the aviator. What is was all about we don't know. The theory that they were flying low looking for bootleggers is not generally accepted as El Verano today is as dry as one of the deserts in the wilds of Nevada.

Mike Riddle of Santa Rosa, who, 25 years ago was one of the toughest brakemen on the Santa Rosa branch, was enjoying a ride over the S. P. lines Sunday. M. F. Mullen and wife of El Verano boarded the same train and as the two railroaded together in early days, recollection of those days were brought back. Both of these railroaders are now enjoying the fruits of their hard work with the S. P. company, having passes over the lines and are drawing pensions for their loyalty and interest in the company during their long railroad career.

A number of young San Francisco society folks came up from the bay city Saturday evening, enjoying the grand ball at Sonoma and spending Sunday motoring through scenic Sonoma Valley. They report a wonderful time. Those who made up the party were Misses M. Fredrickson, Charlotte Crawford, Eileen Horgan, Mary Foley, Alice Lye, Myrtle Looney, Rita Valento, Helen Emil and Rome Devers; Messrs L. M. Ticknor, J. M. McDevitt, George Fredrickson, James Horgan, W. Devincenzi, Pat Ford, John Foley, Harold Enuel and Ed Poquet.

The Saturday evening S. P. passenger train north to Santa Rosa hit a cow near Kenwood and the animal had to be shot. For the last time Engineer Such issues the warning that stock running wild in El Verano and trespassing on the S. P. right of way is liable to a sudden and untimely death. The Sunday morning Santa Rosa train was brought to a stop on account of cattle grazing within the bounds of the S. P. right of way. To avert a probable wreck of the trains

and maybe death, for the good of all concerned, we would advise owners of livestock to see that it is kept up.

The Carnival to be given at Boyes Springs is creating interest throughout the county. Chief Cause, who is head of the Boyes Springs Fire Department, and other boosters are working hard to make the carnival the biggest ever. The funds derived from the show will be used to clear the fire engine of debt. During the time Cause has been chief, he has proved a wonderful leader, and always ready when needed. It is claimed, when the siren sounds, the Chief is one of the fastest in the state, and there is no doubt the carnival will be well patronized by the public, who appreciate the Chief's good work as a fire fighter.

### LISTENING IN

By Director Reid

"What will I wear during the Mission celebration?"

That seems to be the question before the house at the present time. Many of the more sedate ladies have decided to go back to the crinolines and the poke bonnets, while the younger generation of the gentler sex will adopt the dress of the Spanish senorita. Dry goods merchants will necessarily have to lay in a stock of material to supply the demand that is almost sure to come, especially in the lines of materials used in the different patterns.

There is bound to be a certain amount of competition as to who will have their costume ready first, and arguments will arise as to the style. But don't worry, ladies, the old folks were not very fussy as to perfect lines and you will be able to dig up one of the old cretonnes from that trunk in the garret. Get an idea from some old photograph of grandma, and then go to it.

It is being whispered around that the men have decided to adopt the tall sombrero, trousers that are very much a-la-Valentino and the customary sash. This will make a nice cool costume and if once worn will make it hard to go back to the garb of today.

The Costumes and Customs Committee of the Sonoma Mission celebration are searching the records to determine what the actual styles were in the early periods and will soon be prepared to issue folders containing photographs of many of our local people dressed in the official styles.

#### Some Argument!

Steve Morrison and Alcalde Leonido Quartaroli have somewhat different opinions as to who discovered the Sonoma Valley.

Morrison being a carpenter by trade seems to have the best of the argument as he bases his argument on his profession against that of a hotel man.

"What in the h—! do you know

about it, anyhow," says Steve, "there were no hotel men in this country in the days of the padres, and what's more, I have positive proof that there were lots of carpenters, and good ones, too."

"Yes," says the alcalde, "good ones is right, but they passed away a long time ago."

"Well, said Steve, "I believe you are right on that. The fellows who worked around here in the good old days had lots of good grub to eat and didn't have to depend on hotels for their meals."

The alcalde at this point seems to be getting a little nervous and changes the subject: "Say, Steve, what kind of a costume are you going to wear for the celebration?"

"Well, Leonido, I am going to dress right in style. Whatever you decide on will suit me. I am for the celebration good and strong and you can bet your life that I am going to do my bit to make the big show a success."

"Me, too, Steve. You betta you life I'm going into this thing with both feet. Eata plenty hot stuff, Steva, then you can speeka Spanish to make your suita look good."

### BUSINESS TAX TROUBLE IN SANTA ROSA

Santa Rosa's much opposed and much defended business license ordinance Tuesday night assumed a double role, that of a law about to be declared obsolete and at the same time that of a law which is about to go into effect.

This situation arises from the fact that the ordinance is scheduled to be repealed at the next regular meeting and then to be re-enacted as a new ordinance.

At the special session of the council Tuesday night the ordinance which will never become famous for its brevity, was read in full to the tune of more than two hours' time.

### BEAR FLAG MONUMENT WAS GIFT OF STATE

Senator Herbert Slater has written from Sacramento to correct the statement in the Index-Tribune that the Bear Flag monument was the gift of the Native Sons parlors of California. It was erected through a state appropriation bill of which Senator Slater was the author.

The Senator urges all organizations of the valley to write Governor Richardson urging the appropriation for the upkeep and care of the Sonoma Mission. His letter follows:

Sacramento, April 9, 1923

W. L. Murphy,  
Sonoma, Cal.

Dear Sir:—

One of the Senators called my attention to an article in the Index-Tribune relative to the improvements about the Bear Flag monument. I am very glad to know that these improvements are to be made. He called my attention to the fact that the article stated that the Bear Flag monument was a gift to Sonoma from all the Native Son parlors of the state. Of course, as you know, it was a legislative appropriation by the State of California that resulted in the placing of this splendid ornament in the Plaza.

The gentleman discussed the matter with me and called my attention to this and asked me if I was not the author of the appropriation measure referred to. I am very proud that the honor came to me to do this thing.

I have no objection, however, to the report as to the monument being a gift from the Native Sons of the State in your paper for I remember the kindly assistance given me by Sonoma Parlor of the Native Sons and Daughters and by those orders generally throughout the State in conjunction with the Society of Pioneers and other organizations.

I am telling everyone of the coming centennial in Sonoma and I wish you would see to it that the various organizations in Sonoma send letters to

Governor Richardson endorsing the appropriations I am asking for the further care and upkeep of the Sonoma Mission.

With kindest regards, I am,  
Yours very truly,  
H. W. Slater.

### TWENTY MINUTE SERVICE ON GOLDEN GATE FERRY

Beginning Saturday, April 14th, 20 minute service will be inaugurated between Sausalito and San Francisco by the Golden Gate Ferry Company, operating two fast motor ferries, the Golden Gate and the Golden West, and the steamer Hanford, a total carrying capacity of 450 automobiles per hour, giving the best possible service to motorists who are desirous of visiting the marvelous scenic wonders of Sonoma and Marin counties.

William T. Armstrong, with four years experience as director of auto traffic has been appointed traffic director for the Golden Gate Ferry Company. Mr. Armstrong's long experience and popularity with the motoring public will undoubtedly make him an asset to the ferry company which is doing so much to break down the Chinese wall around San Francisco.

Marin and Sonoma counties have had a remarkable growth since the Golden Gate Ferry Company began operation and greater development is expected. San Francisco has gone forward because of this and other industrial development and as the best proof of faith in the great future of the North Bay District, the Golden Gate Ferry Company officials are now planning further extensions of the service.

### THE COURAGE OF GOVERNOR RICHARDSON'S CONVICTIONS

It is refreshing, if not surprising, to find a man in politics who is sincere and courageous. In the case of Governor Richardson, there never was a doubt as to the sincerity of the man who made his campaign on the knowledge he had of extravagance and waste in the administration of state affairs, but there was a doubt in the minds of the people who did not know Friend W. (as his newspaper brethren knew him) whether he could withstand the barrage of criticism and the more subtle methods to undermine his determination to cut down the cost of government and substitute efficiency for political graft, sentimental experiment and general recklessness in the carrying on of state departments.

Had Governor Richardson not been sincere, and furthermore, well posted, he would have been "pulled down", and gone the way of many other glorious promoters, a disappointment to voters who for years have been accustomed to see their idols fall into the hands of schemers and opportunists. Governor Richardson withstood the onslaught of these schemers and opportunists, as his revised budget proves, while heeding all the sound, "honest criticism" that was offered for the general betterment of state agencies.

In amending the budget, the Governor and Board of Control went about it in a thoroughly businesslike manner, striking out items aggregating \$1,272,820 from the original appropriations and to this saving, adding \$450,560 for necessary items of increase. The total budget is \$79,425,188.55 which is \$12,000,000 less than \$91,586,339.39, the appropriation during the Stephens regime of 1921.

Among the increases sanctioned and recommended by Governor Richardson is \$67,500 for the State Home at Eldridge where there are over 1400 inmates and a big waiting list of unfortunates.

Among the savings effected by the Governor is \$41,570 for the Industrial Farm for Women which the Governor eliminates from his budget with the following explanation, "the burning of the Womens Home at Sonoma makes a support appropriation unnecessary." Despite the emotional pleas of club women who stampered the clubs of the state into a "drive" for the Delinquent Farm, the Governor kept getting his eyes opened wider and wider to the fallacy of sinking taxpayers money into this feminist fad. A recent note from the administration clip sheet had the following to say of the conduct of the "Farm"—"The burning of the main building that housed the delinquent women at Sonoma brought to light the fact that these women were permitted to smoke cigarettes at the State Farm, and were subjected to but little discipline. After the fire the women were taken to other places to be housed. The women who went to the Napa State Hospital demanded cigarettes and were refused. The women taken to the Sonoma State Home were so strong in their demand for cigarettes that they were given them. Miss

Blanche Morse, the Superintendent of the Delinquent Farm, exercised but little control, and advocated self-government for the inmates sent to this institution by the courts for delinquency."

We would suggest that the Governor stick close to his determination to keep the Fish and Game Commission under close supervision and see that it is not conducted in the interest of a favored few. The money put up for the preservation of fish and game in California should make of this great state a sportsmens paradise, a place where with the proper license, any kind of a man who loves the great outdoors and its pastimes of fishing and hunting, can get his share of fish and game. Conservation for the masses has not as yet been accomplished, so it would seem despite the Fish and Game Commission and its former expenditures. Restrictions and cost have increased, but not fish and game, so most men who do not belong to favored gun clubs will tell you. That all the plants in the future by the Fish and Game Commission will be small fry in the streams and not big job holders on the payroll, is the hope of the average man paying his license. Governor Richardson warns that "the money put up by hunters and fishers must not be wasted."

### THE COMMUNITY PROPERTY BILL

The evident justice of the community property bill will make it a law, for Governor Richardson knows as well as other fair minded citizens that the hue and cry against it is as hollow as the cry that went up against womans suffrage before that measure became operative. Suffrage was going to change the entire body politic and create dire havoc in society. Except for the outbreaks of emotionalism among women, with man safeguarding society from the deductions of hysteria, the country is progressing very well and there has been none of the economic disturbance predicted through women meddling with politics.

The community property right of women has been shown to be a real necessity. Wives who are thrifty helpmates and life partners, who toil and sacrifice and save, do their share toward accumulating the property over which they should have some control. Husbands have nothing to fear from such wives. The power of disposing of their share of the property will never be abused by the good wives and mothers of this or any other state. On the other hand, the state owes it to the good women to recognize and reward their efforts by granting them the right to protect those whom they would see protected. The mother's share of an estate should always be conserved for her children, but court records are full of cases where a mothers' earnings have been dissipated by strangers, or thrown to the winds by designing adventuresses "just within the law" according to some of our learned judges. In behalf of wives and mothers toiling today, and those who have made the supreme sacrifice, the Governor should sign the community property bill.

### IN MEMORY OF THEIR SON

Mr. and Mrs. L. S. Simmons this week made another gift of books to the Ellis Simmons memorial shelf of the Sonoma Library. The gift consisted of 12 volumes which were placed on the shelf on the day deceased would have been 18 years old.

The little Red Devil chemical engine, jealous of the beautiful complexion of the Valley Angel, has entered a protest, with the result that it has been sent to Napa for a brand new coat of red paint. You can't be a Devil in your own home town without red paint is the opinion of the little chemical.

Mr. and Mrs. Maldorf, who spent the winter in El Verano with Mr. and Mrs. L. P. Freck, are touring California on their way to Cincinnati. Mr. Maldorf, who is a prominent real estate man of the East, made an intensive survey of this section of California while here and was greatly impressed with local possibilities.

### Penn's Words of Wisdom.

Lend not beyond thy ability, nor refuse to lend out of thy ability; especially when it will help others more than it can hurt thee. If thy debtor be honest and capable, thou hast thy money again, if not with increase, with praise. If he prove insolvent, do not ruin him to get that which it will not ruin thee to lose; for thou art but a steward, and judge.—Penn.

### That "V"-Shaped Vest.

The V-shaped opening of a waistcoat is really a piece of vanity, giving the wearer a chance to show what sort of shirt he wears. It originated in the days when linen was first worn, and the man who could sport a linen shirt was considered something of a "swell." He had the opening cut in his waistcoat so that all could see his elegance.

### ULLAH MOHAMMED HANGS DESPITE PLEA

Despite the plea of J. P. McDonnell Sebastopol apple grower, and secretary of the Sonoma county Grand Jury, Ullah Mohammed was hanged at San Quentin yesterday for the murder of a countryman in Petaluma last July. McDonnell interceded with Governor Richardson believing that Mohammed did not actually do the killing, although he might have had knowledge of the plot.

Deputy Sheriff Ryan and Constable John Mohr went down yesterday to San Quentin where they witnessed the hanging.

The advertisements, with estimated costs of construction, appear in this issue of the Sonoma Index-Tribune.

### Wisdom.

Wisdom of the heart, which, having no concern with the erection or demolition of theories any more than with the defense of prejudices, has no random words at its command. The words it pronounces have the value of acts of integrity, tolerance, and compassion.—Joseph Conrad.

### N. W. P. TO ADD TRAIN

Effective April 15, and each Sunday thereafter until further notice, the N. W. P. will run an extra train, leaving Glen Ellen at 6:00 p. m. and arriving in San Francisco at 8:35 p. m. adv. J. J. Geary, G. P. A.

### Sage Advice.

"I am disgusted," said Harris, "with the chronic delays in our postal service. The difficulty seems to be increasing." Mason was somewhat hazy about the modern methods of transportation and communication, but he was strong on advice. "Why don't you send your things by telegraph?" he inquired.

### Morality for Its Own Sake.

"It is surprising," says a ponderous gentleman, "how few philosophical writers have ever reached other than a perfectly commonplace conclusion in regard to practical morality." There is no other conclusion to reach. Morality is good conduct for its own sake; no one can come to other than a commonplace conclusion about it.—E. W. Howe's Monthly.

### A Doubtful Compliment.

At a New Hampshire wedding a friend of the groom watched him closely during the ceremony, and when it was over he hastened to the happy man and said: "Bill, ye done fine! I had an idea ye would be skittish while ye was bein' tied up, but by gosh, ye look as bold as a sheep!"—Boston Transcript.

### Improved Appearance.

When Kenneth saw his brother in rompers for the first time he appeared greatly astonished and finally announced in a highly pleased manner that "the baby don't look like a baby any more—he looks like a child!"

### Swagger Avails Little.

Where swagger carries one to success it lands dozens in ridicule, and the latter buries them in oblivion. Family records have many promising hopes disappointingly filling lowly stations. Even for some of these she sometimes has to make apology.

### PRUNES AND COSTUMES

(Via Wireless)

Costumes and prunes, not Healdsburg prunes, were the subject of an animated conversation heard broadcasted a few nights ago.

Morris Levy of Vineburg was telling the world about the wonderful prunes produced on his ranch, when, to everybody's surprise, he suddenly changed the subject and shouted loudly into the transmitter: "Say, folks, don't overlook the big masquerade to be given by the Sonoma Farm Center April 21st at Union Hall, Sonoma. You know, the Sonoma Mission Celebration Committee is going to give a cash prize to the best lady or gent costumed in the style of the period of the Mission days."

"It has been whispered around that Frank Wedekind is going to doll up as a Spanish cavalier and Alice Steiger is going to live up to her reputation as a prize winner and walk off with the money for the best dressed Spanish senorita."

"What's that you say—you don't think so? Who did you say? Albina Nordi! Gosh, is she coming, too? And George Cavaglia? Himmel, the name is enough. I guess the others will have to go some against that bunch of talent."

"And as far as I am concerned, for myself, I guess I'll go as a Spanish onion, or better still, a prune. You can bet your life the boys will have to go some to skin me."

E. A. Wagner, the Boyes Springs merchant returned from a trip to San Francisco via the auto bus Monday evening.

78 of the first 161 motorists who passed the corner of Market and Kearny Streets, San Francisco, answered "Red Crown" to the question "What kind of gasoline do you prefer?"

The result of this check, in which "Red Crown" led its nearest competitor by 160%, is typical of the entire Pacific Coast field, where the majority of motorists get best results by using Red Crown, the gasoline of quality, and nothing else.

## WHO WANTS TO JOIN CITIZENS' TRAINING CAMP?

Only 15 young men between the ages of 17 and 24 years, from Sonoma county will have an opportunity to enjoy a month's vacation and training in ideal surroundings July 26th to August 24th at the Citizens' Military Training Camps at Del Monte and Fort Winfield Scott, according to announcement of quotas for the state just made by Colonel E. V. Smith, chief of staff, 91st Division, Presidio of San Francisco, Calif., who is to command this year's camps and to whom inquiries and applications may be sent.

These camps, as part of the National Defense Act, will provide everything for the material comfort of the 1000 young men who will attend. Transportation from any part of the state to and from the camp will be furnished the students and they will be provided with uniforms, meals, medical attendance, musical entertainments, etc., without one cent of expense to themselves.

"There is no obligation for military service beyond the period of the camp," Colonel Smith says, "and the youth fortunate enough to be selected from Sonoma county will find himself in ideal surroundings and excellent company. After a month of clean living under the observing eyes of experienced, carefully selected officers, he should return home bigger, stronger and better in every way. At the rate applications are coming in, the quota from your county should be filled within a few days and California youths intending to participate this year should rush their applications in immediately."

## Social, Club and Lodge Notes

### "THE GYPSY ROVER"

On Friday night, April 20, the Sonoma Valley Union High School presents "The Gypsy Rover," a romantic musical comedy in three acts, by May Hewes Dodge and John Wilson Dodge. The cast of fourteen will be assisted by a chorus of sixteen. The high school orchestra will play for all the musical numbers throughout the entire operetta.

The story of the play in brief is as follows:

"The Gypsy Rover" is in three acts and is built around the character of Rob, later known as Sir Gilbert Howe of English nobility. Rob is stolen when an infant by his nurse, Meg, who later becomes the wife of Marto, a gypsy. Rob grows to manhood amongst the gypsies, believing Meg and Marto to be his parents.

It happens one day, while riding with her fiancé, Lord Craven, Lady Constance Martendale becomes lost in the woods. They wander to the gypsy camp where Constance and Rob meet and fall in love at first sight. Craven objects to Rob's attitude, but in a very funny comedy scene with Marto and Sinfo, he is made to tell Sir George, who later comes in search of Constance, that Rob is a charming fellow. In the second act, Rob goes to the house of Constance and serenades her. They plan to elope but are overheard by Craven, who informs Sir George and plans are made to capture Rob. This is successfully accomplished and Rob is thrown into prison but later escapes.

Two years elapse and Rob has come into his estate, his identity having been proven by Meg. He becomes a successful composer, a friend of the Prince and a social lion. Constance has remained true to her love for Rob, and on his return to England, he wins her for his wife. As Rob says: "The good fairies have led me to the beautiful country after all, and our story, Constance, can end in the proper way, 'They lived happy ever after.'"

Following is the cast of characters: Meg, Rob's foster mother—Anita Camp. Zara, the belle of the gypsy camp—Vivian Arrieola. Marto, Meg's husband—Wilfred Cohen. Sinfo, gypsy lad in love with Zara—Pierre Rouquie. Rob, later Sir Gilbert Howe—Spencer Merz. Lady Constance, daughter of Sir George Martendale—Rose Arrieola. Lord Craven, an English fop, "doncha know"—Willard Cole. Sir George Martendale, an English country gentleman—Kennon Gilbert. Nina, Sir George's second daughter—Alta Weaver. Captain Jerome, of the English army—Harold Bosserman. Sir Taby Lion, a social butterfly—Louis Steiman. McCorkle, a song publisher of London—Harry Haas. Lackey—Albert Wherli. Fairy Dance—Mathilda Bonneau. Members of the chorus—Leola Adams, Mae Bianchini, Charmain Byrne, Henri Balares, Geraldine Geer, Anna Walsh, Lucille Sutherland, Ernest Catalan, Norma White, Audrey Wagner, Anita Murray, Lois Peck, Evelyn Cordell, Irma Cliff, Yolanda Siddely and Hazel McCosker. Members of the orchestra—Grace Barr, Ella Fox, Olga Weghofer, Anna Noyes, Aubrey Davis, George Reed, Cecil Hunter, Joe Kiser, Roy Wirtz, Stanley McGill, Allen Bean, Herbert Tracy and Theodore Anthenian. Admission will be 50c for adults and 35c for children. All receipts above expenses will be used to equip the new high school stage. Dancing in the auditorium until 12 o'clock will follow the operetta.

Mrs. Rea Hunter entertained the Flying Needles on Wednesday.

### EASTERN VISITOR HERE

Mrs. Rosa Day, sister of W. W. Carter, is here for a visit of several weeks from her home in St. Louis, Missouri. Mrs. Day and her brother had not met in 24 years, so the reunion has been a delightful one. Mr. Carter met the traveler in San Francisco and showed her the sights in the metropolis. Mrs. Day is charmed with Sonoma Valley.

### DANCE AT WATMAUGH

There will be a social dance at the Watmaugh school house next Saturday night. Messrs Sganzi and Guibergia are on the committee of arrangements.

The Heinz place above Agua Caliente has been sold and Mr. and Mrs. Heinz are removing to San Francisco. George Allemano, father of Mrs. Luigi Bertelotti, has leased a 16 acre ranch this side of Glen Ellen which he will plant out and improve.

Carrie W. Frank, graduate of the Palmer School of Chiropractic, of Davenport, Iowa, has opened an office in the Castex building. Dr. Frank has taken over the practice of her sister, Dr. Enos, and will make her home in Sonoma. For office hours, see advertisement.

Rev. J. F. Byrne has been in San Francisco this week in regard to the furnishings for the new St. Francis church. Over 400 seats are being provided. Progress on the new concrete building is most satisfactory.

Friends of the Kelly family of Boyes Springs will regret to hear that Chas. Kelly of the U. S. Customs service is critically ill at his apartment in San Francisco. His sister, Miss Mayme Kelly and Dr. Bazet are in constant attendance on the patient.

### ROBERT P. HILL INDISPOSED

The many friends of Robert P. Hill of Eldridge will regret to hear that he has been on the sick list. Mr. Hill is one of the sterling citizens of Sonoma Valley and has long been identified with the educational progress and advancement of this section.

A new railroad station on the Baron tract at El Verano is to be put in on account of the big enterprise, the Coney Island and Tent City.

Mrs. Finnegan, wife of Lieutenant Finnegan, U. S. N., formerly Lorraine Wise, beautiful dancer, will direct a chorus of 100 dancing girls for the Benecia pageant. Mrs. Finnegan is a niece of Mrs. James Tate.

Ralph Busby of Berkeley, formerly of the Sonoma Ford Agency is expecting his four sisters from England. They have already sailed and meet Busby's father in Chicago and then come west. The family expects to settle in California. Mr. and Mrs. Ralph Busby were here for the dance last Saturday night.

Little Antoinette Marcucci, daughter of Mr. and Mrs. Tony Marcucci, is recovering from typhoid fever, under the care of Dr. Hays.

The Ladies Aid of the M. E. church will meet at the church parlors on Thursday, April 19th at 2:00 p. m. Everyone is invited.

Attractive signs pointing the way to the Sonoma Mission have been made and ordered placed along the highway by the Sonoma Mission Committee.

Phil Hanlon, a brother of Mrs. B. H. Chambers has been here the past week looking at sites for a prospective cigar factory. Mr. Hanlon is secretary of the Cigar Makers Union in San Francisco.

THE UNIVERSAL CAR

## Four Reasons Why You Should Buy Your Ford Car This Month

The unprecedented demand for Ford Cars throughout the winter has taken the entire output of the Ford plants working at capacity, indicating that the demand this spring will be far in excess of the number of Ford Cars that can possibly be built.

January was the tenth consecutive month in which retail deliveries exceeded 100,000 Ford Cars and Trucks. Requirements for February the month when preparations are already under way for spring business, called for

148,407 Cars and Trucks—more than 24,000 in excess of the number we can possibly produce.

Ford dealers in many parts of the country are already finding it necessary to specify future delivery dates on Ford Products because there are no reserve stocks to draw from.

Your order placed now will protect you against delay or disappointment later on. It is the only way you can be assured of reasonably prompt delivery.

We consider it important to give you these facts, so that if you are planning to purchase a Ford Car, Truck or Fordson Tractor for use this Spring or Summer you can list your order at once and take advantage of our dealer's first opportunity to make delivery.

## HIGH SCHOOL NOTES

Legal obstacles and a change of heart on the part of the prospective purchaser of the old High School property have caused the deal to be called off. The school therefore has the surplus building to hold for the rise of property values in the Valley of the Moon.

The Alumni are talking enthusiastically over a reunion rally around the old school building this summer. Perhaps a picnic luncheon and homecoming day during the Mission Centennial week. Anyone interested in the plan write or phone to Mrs. R. E. Murphy. The old school building may disappear some day and the Alumni realize it.

A new drink—A member of the economics class mentions the cotton gin as one of the by-products of cotton.

Music and dance April 20—Tickets on sale for the "Gypsy Rover" to be given April 20. The operetta is expected to be the high school's best achievement in the line of entertainments. Operetta followed by dancing until 12. Money to go for stage equipment.

The manual training department is busily at work making stage scenery for the "Gypsy Rover."

Theodore Anthenian, our future string bass player is now at work in the orchestra. His predecessor will play the trombone.

Our school artists, Kennon Gilbert and Roy Wirtz, have gotten out some very creditable posters, advertising the "Gypsy Rover."

The teachers hope that the membership in the honor society will increase this quarter.

The Musical Theory class enjoyed a novel and most entertaining examination the other day when it had its musical memory tested by records on the Brunswick.

Watch your step when you go into the school Auditorium. The floor has just been given a new coat of wax. One of the senior girls had a near accident recently when her car caught fire. The ready aid of Mr. Hoyer averted serious consequences.

The school grounds were leveled vacation week ready for seeding—a lawn is in prospect.

Mr. Tracy was busy during much of the vacation laying a drain tile on the south side of the building. Cheerful and efficient work seems to be Mr. Tracy's element.

In order to raise more money for

the Student Body, a sale of ice cream cones will take place every Wednesday at noon. Then a half hour of dancing will follow. But before the students can dance, they must buy ice cream cones, and thus get a ticket to enter the auditorium.

San Rafael's defeat in Baseball by Sonoma will be postponed for a while on account of rain.

The prospective lawns and shrubbery will be more decorative in front of our new building than are the Fords now parked there.

## LAURA WICKHAM TO STAR IN U. C. PRODUCTION

In bejeweled robes of royal blue, Laura Wickham, as the Princess will take the leading part in "A Thing of Dust," the 1923 Parthenia pageant which will be presented by the women of the University of California Thursday and Friday.

Parthenia, a pageant presented annually, each year with a different plot representing the passage from girlhood to womanhood, is produced entirely by the women students and is the largest artistic event of the year. "A Thing of Dust," the present pageant, is said to be the most spectacular masque ever given. Over 400 girls will be in the cast, either in character parts or as dancing girls. A thousand more have been working for months preparing costumes and properties.

The story of "A Thing of Dust" harks back to ancient Assyria. A Princess refuses to worship and sacrifice herself to the hideous idol of her ancestors. Her father, enraged, exiles her from the kingdom. One favor only is granted her—she may choose a life long companion to accompany her. Her one thought is to find one who will be able to destroy the horrible idol. The idol is symbolic of Convention.

Fame, Adventure, Wealth, Love, all offer themselves to her with lavish promises, but still the idol grins upon the hill. At last, in the moment of despair, Sense of Humor comes to her, and at a smile, the idol crumbles to nothing.

In addition to her role as Princess, Miss Wickham has designed the color scheme and the costumes worn by the cast. She is a senior at the University where she is very prominent in dramatic affairs.

## MRS. HUNTER RE-ELECTED WOMAN'S CLUB PRESIDENT

At the April meeting of the Sonoma Valley Woman's Club Mrs. Perle Hunter was re-elected president for her third term, Miss Meta Stofen having resigned before taking the office for which she was chosen at the primaries. Mrs. Hunter has ably filled the chair and by her tact and loyal devotion to the club has won the regard of the entire membership.

Mrs. Emma Watt was elected vice president. Other officers are Mrs. Ella Woodworth, treasurer; Mrs. Harriet Clewe, corresponding secretary; Mrs. Carrie Burlingame, recording secretary; and Mrs. Clara Lowell, Mrs. B. Wicker, Mrs. F. Adler and Mrs. Tate, trustees.

The club plans its usual card party on April 25th, the committee being Mesdames Robin, Johnson, Lutgens and Bates.

## GLOVE FACTORY BRANCH RE-OPENS AT ST. HELENA

Business, which has been showing a steady increase at the big plant of the California Glove Company in East Napa, has reached the point where officials of the firm have seen the need for the re-opening of the branch factory at St. Helena. Machines are now being installed and it is otherwise being prepared for activity. It was stated a few days ago that glove work would probably start there the coming week.

Following the World War, when the re-adjustment period was being passed through and factories the country over were experiencing adversity in business, the need for the California Glove Company's branch at St. Helena vanished. The machinery was packed and brought to Napa and no one could say whether there would again come a time when business conditions would warrant its being returned to the St. Helena plant.

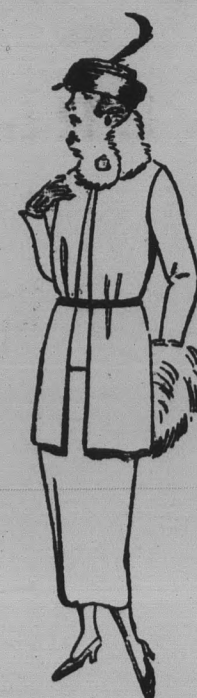

But that time did come—and it has come much sooner than anyone dared predict.

When the St. Helena factory was operating at full capacity, 25 employees were at work there. Officials of the firm believe that eventually a large force will again be employed.

Certain kinds of machine work only will be done at the St. Helena branch. J. McPherson, whose knowledge in glove manufacturing is expert and thorough, will be in charge at St. Helena.

The plant is situated on Railroad avenue and is housed in a stone building—Napa Register.

## BLANCHE MORSE SUED BY DELINQUENT WOMAN

Illegal confinement in the "violent and suicide ward" of the Napa State Hospital; forced association with 60 insane women and alleged attacks by inmates are made the basis of a \$20,000 damage suit drawn up this week against the State of California; Miss Blanche Morse individually and as superintendent of the California Industrial Farm for Women, and E. G. Twogood, individually and as acting director of public institutions of the State of California.

The plaintiff in the action is Miss Helen Von, whose attorney, Louis Silver, failed in his first attempt to file the suit, having neglected to obtain permission to institute such proceedings against the State of California from the attorney general.

Miss Von in her complaint, which was sworn to before Deputy County Clerk, R. A. Dollard of Napa county, alleges she "has suffered extreme mental torture and will be for years branded with the horrors of her illegal and forced experience."

According to the complaint, as originally drawn, she had been confined in the Napa State Hospital from Mar. 14th until April 6th of the present year.

Balked in his efforts Silver declared that he would redraft the complaint, naming only Blanche Morse and E. G. Twogood.

The attempt to file the suit led to discovery that following the fire last March at the California Industrial Farm for Women in Sonoma, 20 inmates of the farm had been removed to the Napa State Hospital and there, in confined. Of the 20 confined, 19 remain in the insane hospital, one of whom, Louise Barker, is still confined in Ward Z, known as the "violent and suicide ward."

Silver declared himself ready to institute similar proceedings in behalf of Miss Barker, Miss Von's sane companion in the insane ward. The fate of the other 18 women removed from the Industrial Farm following the fire has not been as serious as the above two inmates.—S. F. Chronicle.

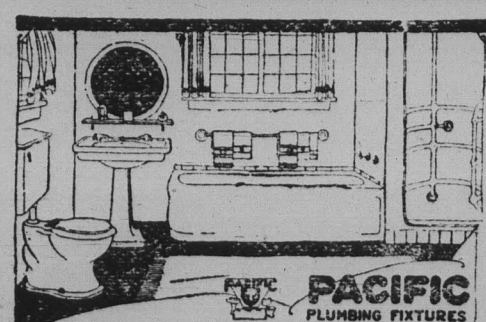

## BURBANK JUBILEE AND PRUNE SHOW

Light projector capable of throwing a combined volume of 250,000 candle power will illuminate the spectacular pageant that will be staged in connection with the Luther Burbank Golden Jubilee and Sonoma County Prune Festival at Santa Rosa on May 17, 18, 19 and 20. This special equipment has never before been used for the lighting of a spectacle of this nature and 20 electricians will be required to run it. The big projectors will include two "sunlight arcs," each of 100,000 candle power and more powerful than the searchlight of a battleship. To obtain color effects, mica frames 10 feet square and of a dozen different hues will be employed and because of the intense heat will be placed 25 feet from the lenses.

James H. Gray, director of the celebration, will appoint a committee on community costume which will designate a special and distinctive garb to be assumed by Santa Rosans during the period of the jubilee. The official colors of the celebration will be purple and gold.

## TEST SHOWS INFERIORITY OF COUNTERFEIT PARTS

The recent results of a long series of tests in an automobile manufacturer's laboratories indicate the danger to owners in using anything but the genuine parts in such service replacements as may be necessary.

For example, in Dodge Brothers laboratory at Detroit a test was recently applied to rear axle shafts. The genuine Dodge Brothers axle shaft withstood six complete turns in the test for torsion strength, while the best of several counterfeit shafts withstood only 1 3/4 turns. In testing steering knuckle bolts, the genuine bolts bent double without breaking when put under a given pressure. When the same pressure was applied to counterfeit bolts, they snapped without exception, showing brittleness and defective core.

In the opinion of J. H. Williams, Dodge Brothers dealer, Santa Rosa, such tests show very plainly why it is the best policy for motorists to depend upon service stations approved by the factory building their car, for any service parts that may be required for such replacement work as may be necessary. It is only here that parts can be guaranteed as being genuine parts.

All car owners should realize the extreme importance to them of always getting genuine parts. If repairs or replacement of parts becomes necessary it is worth having done in the most capable manner by an established place of business which has the stamp of approval of the manufacturer back of the car.

## NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Trustees of the City of Sonoma, California, up to eight (8) o'clock, P. M., of Wednesday, May 2nd, 1928, for the furnishing, F. O. B., at Sonoma City, Cal., of the following materials:—

1023 feet, No. 1, 6-inch, vitrified, salt glazed sewer pipe.  
50—4-inch Y's, on 6-inch pipe.

1—Flush Tank, cover and castings.  
Each bid shall be accompanied by a certified check to the amount of ten per cent of the bid, conditioned that the bidder, if successful, will enter into a contract with the Board of Trustees, for furnishing said materials.

The Board of Trustees reserves the right to reject any or all bids.

## The Unusual.

We asked the telephone girl at the great railway station her impression of the people who crowded up the booths all day long. "Oh," she said, "mostly I don't notice particularly. I only look up if there's something unusual—like somebody saying 'Thank you.'—Collier's Weekly.

## Character and Money.

Character is money; and according as the man earns or spends the money, money in turn becomes character. As money is the most evident power in the world's uses, so the use that he makes of money is often all that the world knows of a man.—Bulwer-Lytton.

## Religion's Duty.

The two sentiments which most inspire men to good deeds are love and hope. Religion should give freer and more rational play to these two sentiments than the world has hitherto witnessed; and the love and hope will be thoroughly grounded in and on efficient, serviceable, visible, actual and concrete deeds of conduct.—Charles W. Eliot.

## Formula for Molding Clay.

Simple molding clay for the children's play is made from one cupful flour, one cupful salt, one teaspoonful powdered alum, mixed with enough water to make it mold easily. By wrapping it in a damp cloth after the children are tired the clay can be used again and again.

## Ocean Waves and Swells.

The words are given as synonyms, but in practical use a distinction is made. Swell is the name given to ocean waves not produced by wind in the locality in which they are met. They are, however, set in motion by storms occurring at a distance.

## Mending With Rivets.

Many things that cannot be soldered, can be mended with common copper rivets. These may be bought at any hardware store in assorted sizes for a small sum. A galvanized wash tub can be mended easily with a copper rivet, unless the leak is on the seam. It is possible that even then a rivet might hold the leak.

## Origin of Yard.

It is said that the yard was originally defined by royal decree as the length of the arm of King Henry I. The British yard is now the distance at 62 degrees F., between two lines on a bronze bar kept at the Standards office, Westminster, London.

## The Mule's Obituary.

## Horse-Wranglers.

A horse-wrangler is a herder in charge of a string of ponies on western stock farms. The origin of the phrase has been assumed to be an extension of the verb "wangle" in the sense of wrestling or struggling with refractory horses in the lurch. In England, he is a horse dealer.—Literary Digest.

## Among the Well Bred.

Among well-bred people, a mutual deference is affected; contempt of others disguised; authority concealed; attention given each in his turn; and an easy stream of conversation is maintained, without vehemence, without interruption, without eagerness for victory, and without any air of superiority.—Hume.

## Long-Distance Smokes.

Extraordinary briar pipes, with stems over three feet long, are now on sale in the West end of London. They draw well and are as cool to smoke as an Oriental "bubble-bubble," but your trouble really begins when you try to light them. A candle is the only possible way, and you must also have a small table to rest the bowl on.

## Disconcerting.

A French mayor who at one time held the office of magistrate was about to perform the civil rite of marriage. "Mille N," he said, "do you agree to take this man for your wedded husband?" After the woman had replied in the affirmative the mayor, turning to the bridegroom, delivered himself as follows: "Prisoner, what have you to say in your defense?"

## Ancients Had Knowledge.

The theory that the sun was the center of the universe and that the planets revolved about it was advanced 500 B. C., and many of the proven factors in the knowledge we now possess of the heavens were thrashed out centuries ago by men whose works have become as brilliant as the planets they studied.—Exchange.

## Great French Dramatist.

Moliere was the assumed name of Jean Baptiste Poquelin, greatest of French dramatists. He adopted the name when an actor surpassed in comic roles. Some of his best known works are "The School for Husbands," "The Absurd Pretenses," and "The Madcap and the Loving Spite."

## When Fiction Is Romance.

Fiction is to the grown man what play is to the child, and when the game so chimes with his fancy that he can join in it with all his heart, when it pleases him with every turn, when he loves to recall it and dwells upon its recollection with entire delight, fiction is called romance.—R. L. Stevenson.

## Eager for Promotion.

Victor had just passed from first to second grade, and the various school phrases impressed him, when he and mother were in the waiting room of a dentist, Victor became impatient for his turn and piped up, "Gee, I hope we get promoted next."

## Faith and Works.

Faith without works is like a bird without wings, though she may hop with her companions on earth, yet she will never fly with them to heaven; but when both are joined together, then doth the soul mount up to her eternal rest.—J. Beaumont.
